To: Plenary Group Participants

Subject: Plenary Group – Notice of Meeting Cancellation  
Federal Energy Regulatory Commission Project No. 2100

At our last Plenary Group meeting in May 2004, NOAA Fisheries requested we tentatively schedule an additional meeting for the month of August 2004 to include items of interest to NOAA. Other potential discussion items included updates on the progress of settlement negotiations, and development of the Preliminary Draft Environmental Assessment. In consideration of NOAA Fisheries recently indicating a new preference for a meeting later in the fall, and the intense involvement of many participants in the ongoing settlement negotiations, the Department of Water Resources has decided to cancel the Plenary Group meeting tentatively scheduled for August 24, 2004. The next Plenary Group meeting is scheduled for the evening of October 26, 2004, to avoid a conflict with the Environmental settlement negotiation meeting scheduled for the same day. The location and agenda will be determined and a notice will be distributed in advance of the meeting.

We are posting the meeting cancellation notice on our Oroville Facilities Relicensing web site, <http://orovillereicensing.water.ca.gov>. Please visit our web site for additional information on the Oroville Facilities Relicensing Program and related meetings.

If you have any questions or need additional information, please call Patti Kroen at (530) 297-1887 or Rick Ramirez at (916) 657-4963.

Sincerely,
